**Risk Warning:** Investing in cryptocurrencies, including the \$VMATE token, involves substantial risk of loss and is not suitable for every investor. The value of \$VMATE tokens can fluctuate significantly, potentially increasing or decreasing, due to market conditions, regulatory changes, and other factors. We urge you to trade and invest responsibly and to consider your financial situation, investment objectives, and risk tolerance before participating in cryptocurrency markets. VirtualMate AI does not guarantee any specific outcomes from trading or holding \$VMATE tokens. Please be aware that all trading and investment activities are conducted at your own risk.

**Ownership Clarification:** Holding \$VMATE tokens does not imply ownership of shares or equity in VirtualMate AI. The \$VMATE token serves as a utility token within our platform. It can be used to purchase subscriptions and other services offered by VirtualMate AI, and it allows holders to earn rewards and discounts when paying subscription fees with \$VMATE tokens.
